# PRINTING ?

**WE CAN OFFER YOU SOME INDUCEMENTS :**

**THE NEWEST STYLES OF TYPE :**

We have over 800 fonts in use.

**THE LATEST MODERN MACHINERY :**

Ten Steam Presses constantly running.

**THE BEST WORKMEN TO BE FOUND :**

We pay the highest wages, and so command the best talent. Sometimes itinerant artists tarry with us long enough to get a few meals, ETC.

**CORRECT STYLES OF TYPOGRAPHY :**

We have styles of type suitable for anything from a small card to a poster, or a small circular to a large catalogue, and discriminating compositors who know how and where to use them.

**LONG EXPERIENCE IN THE BUSINESS :**

About thirty years.

**PROMPT EXECUTION :**

Our rule is never to disappoint a customer. All must admit that this is a good rule; and like all good rules, it is sometimes subject to suspension.

We don't claim to be the "cheapest" printer in the country, but it is a fact that customers are often surprised to find our prices as low (and sometimes lower) as charged for inferior work. We feel able to demonstrate that we can and do give as much value for the money, everything considered, as any printer in the country, whether he profess to be the cheapest or the best. Our orders come unsolicited from Maine to Florida and Mexico, not always on account of superior work alone, but when the matter of cost is also considered.

Give us a trial when you make a change.
